

# Board Patch

## Product information

Board Patch is a repair kit specially developed for plasterboard. With the Board Patch holes and damages can be easily repaired.

- Repairing general damage to plasterboard
- Covering holes in plasterboard, particularly when there is a void behind the board
- Repairing holes created when moving socket or spot light positions
- Patching up damage caused by door handles

## Instructions

- Remove paper backing
- Apply the self-adhesive patch to the hole
- Make sure the Board Patch covers the damage
- Apply a thin layer of Dalapro filler over patch and surrounding area
- Allow to dry
- Apply additional coat if needed
- Once dry, sand to smooth finish
- The surface is now ready for paper hanging or painting
