

- Fiberglass free fabric to reinforce walls and ceilings.
- Made of cellulose and polyester.
- Easy to install.
- Suitable for walls and ceilings in dry areas indoors.

Product information

Dalatex is a fiberglass free fabric suitable for walls and ceilings in dry areas indoors.

The fabric is made of cellulose and polyester that makes the installation fast and safe.

Suitable for all substrates such as drywall, plaster and concrete in dry areas.

Instructions

Make sure that the substrate is clean and dry before installation. Allow at least minimum of + 5 degrees.

Apply the adhesive on the substrate and install the Dalatex edge-to-edge.

After drying, paint until you reach the wanted result.

Storage

Store in a dry place.
