

## SAFETY DATA SHEET

# Dalapro Roll Hydro

The safety data sheet is in accordance with Commission Regulation (EU) 2020/878 of 18 June 2020 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

### SECTION 1: Identification of the substance / mixture and of the company / undertaking

|               |            |
|---------------|------------|
| Date issued   | 28.04.2014 |
| Revision date | 05.10.2022 |

#### 1.1. Product identifier

|              |                    |
|--------------|--------------------|
| Product name | Dalapro Roll Hydro |
| Article no.  | 610194             |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|          |                                                   |
|----------|---------------------------------------------------|
| Function | Description: Filler for indoor walls and ceilings |
|----------|---------------------------------------------------|

#### 1.3. Details of the supplier of the safety data sheet

|                  |                                                                        |
|------------------|------------------------------------------------------------------------|
| Company name     | Saint Gobain Sweden AB BU Scanspac                                     |
| Office address   | Kemivägen 7                                                            |
| Postal address   | Kemivägen 7                                                            |
| Postcode         | S-705 97                                                               |
| City             | Glanshammar                                                            |
| Country          | Sweden                                                                 |
| Telephone number | + 46 19 463400                                                         |
| Email            | <a href="mailto:ehs.scanspac@dalapro.com">ehs.scanspac@dalapro.com</a> |
| Website          | <a href="http://www.dalapro.com">http://www.dalapro.com</a>            |

#### 1.4. Emergency telephone number

|                     |                                         |
|---------------------|-----------------------------------------|
| Emergency telephone | Telephone number: 112<br>Description: . |
|---------------------|-----------------------------------------|

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

#### 2.2. Label elements

## Supplemental label information

EUH 208 Contains: 1,2-Benzisotiazol-3(2H)-on (BIT), Mix of: 5-klor-2-metyl-2H-isotiazol-3-on [EG nr 247-500-7] and 2-metyl-2H-isotiazol-3-on [EG nr 220-239-6], mix (3:1) (CIT/MIT) and 3-iodo-2-propynyl butylcarbamate (CAS: 55406-53-6) (IPBC). May produce an allergic reaction.

## 2.3. Other hazards

## Other hazards

Grinding dust may irritate the eyes, skin and respiratory system

## SECTION 3: Composition / information on ingredients

### 3.2. Mixtures

| Composition type                                                                                       | Mixture                                                             |                                                                                                                                                                                                                                                                                 |            |       |
|--------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|-------|
| Substance                                                                                              | Identification                                                      | Classification                                                                                                                                                                                                                                                                  | Contents   | Notes |
| 3-Iodo-2-propynyl butylcarbamate                                                                       | CAS No.: 55406-53-6<br>EC No.: 259-627-5<br>Index No.: 616-212-00-7 | Acute Tox. 3; H331<br>Acute Tox. 4; H302<br>STOT RE 1; H372<br>Eye Dam. 1; H318<br>Skin Sens. 1; H317<br>Aquatic Acute 1;<br>H400; M-factor 10<br>Aquatic Chronic 1;<br>H410; M-factor 1                                                                                        | < 1000 ppm |       |
| 1,2-Benzisothiazolin-3-one                                                                             | CAS No.: 2634-33-5<br>EC No.: 220-120-9<br>Index No.: 613-088-00-6  | Acute Tox. 4; H302<br>Skin Irrit. 2; H315<br>Eye Dam. 1; H318<br>Skin Sens. 1; H317;<br>SCL H317: C ≥ 0,05 %<br>Aquatic Acute 1;<br>H400; M-factor 1                                                                                                                            | < 500 ppm  |       |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

## General

No recommendation given, but first aid may still be required in case of accidental exposure, inhalation or ingestion of this chemical. If in doubt, GET MEDICAL ATTENTION PROMPTLY!

## Inhalation

Fresh air and rest.

|              |                                                                                                                                                               |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Skin contact | Rinse with water. Contact physician if discomfort continues.                                                                                                  |
| Eye contact  | Rinse with water. Contact physician if discomfort continues. Hold eyelids apart. Make sure to remove any contact lenses from the eyes before rinsing.         |
| Ingestion    | Immediately rinse mouth and drink plenty of water. Keep person under observation. If person becomes uncomfortable seek hospital and bring these instructions. |

## 4.2. Most important symptoms and effects, both acute and delayed

## 4.3. Indication of any immediate medical attention and special treatment needed

# SECTION 5: Firefighting measures

## 5.1. Extinguishing media

|                              |                                                                                                    |
|------------------------------|----------------------------------------------------------------------------------------------------|
| Suitable extinguishing media | Use fire-extinguishing media appropriate for surrounding materials. This product is not flammable. |
|------------------------------|----------------------------------------------------------------------------------------------------|

## 5.2. Special hazards arising from the substance or mixture

## 5.3. Advice for firefighters

# SECTION 6: Accidental release measures

## 6.1. Personal precautions, protective equipment and emergency procedures

|                              |                                                                               |
|------------------------------|-------------------------------------------------------------------------------|
| General measures             | Avoid release to the environment. Collect spillage.                           |
| Personal protection measures | Wear protective clothing as described in Section 8 of this safety data sheet. |

## 6.2. Environmental precautions

|                                      |                                                                                                                                                                    |
|--------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Environmental precautionary measures | Prevent spillage entering a watercourse or sewer, contaminating soil or vegetation. If this is not possible notify police and appropriate authorities immediately. |
|--------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## 6.3. Methods and material for containment and cleaning up

## 6.4. Reference to other sections

# SECTION 7: Handling and storage

## 7.1. Precautions for safe handling

|          |                                                                                                      |
|----------|------------------------------------------------------------------------------------------------------|
| Handling | Avoid contact with eyes and prolonged skin contact. Use work methods which minimize dust production. |
|----------|------------------------------------------------------------------------------------------------------|

## 7.2. Conditions for safe storage, including any incompatibilities

|         |                                  |
|---------|----------------------------------|
| Storage | Keep cool. Store above freezing. |
|---------|----------------------------------|

## 7.3. Specific end use(s)

## Recommendations

Do not handle until all safety precautions have been read and understood.

**SECTION 8: Exposure controls / personal protection****8.1. Control parameters**

## Control parameters comments

Data lacking. Not relevant.

**8.2. Exposure controls****Precautionary measures to prevent exposure**

## Product related measures to prevent exposure

Provide sufficient ventilation for operations causing dust formation.

**Eye / face protection**

## Suitable eye protection

Wear approved chemical safety goggles where eye exposure is reasonably probable.

**Hand protection**

## Skin- / hand protection, long term contact

Gloves are recommended for prolonged use. Neoprene, nitrile, polyethylene or PVC.

**Respiratory protection**

## Respiratory protection necessary at

In case of inadequate ventilation or risk of inhalation of dust, use suitable respiratory equipment with particle filter (type P2).

**Hygiene / environmental**

## Specific hygiene measures

When using do not eat, drink or smoke. Use appropriate hand lotion to prevent defatting and cracking of skin.

**Appropriate environmental exposure control**

## Safety measures for consumer use of the chemical

Read label before use.

**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

## Physical state

Paste.

## Colour

Blue-grey

## Odour

Characteristic.

## pH

Status: In delivery state  
Value: ~ 9

## Freezing point

Value: < 0 °C

## Boiling point / boiling range

Value: > 100 °C

## Flash point

Value: > 100 °C

|                  |                                 |
|------------------|---------------------------------|
| Vapour pressure  | Comments: No data recorded.     |
| Relative density | Value: ~ 1,2 kg/dm <sup>3</sup> |
| Solubility       | Medium: Water                   |

## 9.2. Other information

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|            |                                                                                   |
|------------|-----------------------------------------------------------------------------------|
| Reactivity | There are no known conditions that are likely to result in a hazardous situation. |
|------------|-----------------------------------------------------------------------------------|

### 10.2. Chemical stability

|           |                                                                 |
|-----------|-----------------------------------------------------------------|
| Stability | Stable under normal temperature conditions and recommended use. |
|-----------|-----------------------------------------------------------------|

### 10.3. Possibility of hazardous reactions

|                                    |                          |
|------------------------------------|--------------------------|
| Possibility of hazardous reactions | No recommendation given. |
|------------------------------------|--------------------------|

### 10.4. Conditions to avoid

### 10.5. Incompatible materials

|                    |                               |
|--------------------|-------------------------------|
| Materials to avoid | No incompatible groups noted. |
|--------------------|-------------------------------|

### 10.6. Hazardous decomposition products

|                                  |                                                                                                  |
|----------------------------------|--------------------------------------------------------------------------------------------------|
| Hazardous decomposition products | Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapours. |
|----------------------------------|--------------------------------------------------------------------------------------------------|

## SECTION 11: Toxicological information

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                          |                                         |
|--------------------------|-----------------------------------------|
| Other toxicological data | No known chronic or acute health risks. |
|--------------------------|-----------------------------------------|

### Symptoms of exposure

|                         |                                                          |
|-------------------------|----------------------------------------------------------|
| In case of skin contact | Dust has an irritating effect on moist skin.             |
| In case of inhalation   | Dust may irritate respiratory system.                    |
| In case of eye contact  | Particles in the eyes may cause irritation and smarting. |

### 11.2 Other information

|                   |               |
|-------------------|---------------|
| Other information | Not relevant. |
|-------------------|---------------|

## SECTION 12: Ecological information

### 12.1. Toxicity

|             |                                                       |
|-------------|-------------------------------------------------------|
| Ecotoxicity | There are no data on the ecotoxicity of this product. |
|-------------|-------------------------------------------------------|

## 12.2. Persistence and degradability

|                                                      |                   |
|------------------------------------------------------|-------------------|
| Persistence and degradability description/evaluation | No data recorded. |
|------------------------------------------------------|-------------------|

## 12.3. Bioaccumulative potential

|                           |                                                        |
|---------------------------|--------------------------------------------------------|
| Bioaccumulation, comments | Bioaccumulation: Is not expected to be bioaccumulable. |
|---------------------------|--------------------------------------------------------|

## 12.4. Mobility in soil

|          |                                    |
|----------|------------------------------------|
| Mobility | The product is insoluble in water. |
|----------|------------------------------------|

## 12.5. Results of PBT and vPvB assessment

|                                    |                   |
|------------------------------------|-------------------|
| Results of PBT and vPvB assessment | No data recorded. |
|------------------------------------|-------------------|

## 12.6. Endocrine disrupting properties

## 12.7. Other adverse effects

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|                   |                                                                                                                  |
|-------------------|------------------------------------------------------------------------------------------------------------------|
| EWC waste code    | EWC waste code: 080410 waste adhesives and sealants other than those mentioned in 08 04 09                       |
| Other information | When handling waste, consideration should be made to the safety precautions applying to handling of the product. |

## SECTION 14: Transport information

### 14.1. UN number

### 14.2. UN proper shipping name

### 14.3. Transport hazard class(es)

### 14.4. Packing group

### 14.5. Environmental hazards

### 14.6. Special precautions for user

### 14.7. Maritime transport in bulk according to IMO instruments

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture

|                             |                                                                               |
|-----------------------------|-------------------------------------------------------------------------------|
| Legislation and regulations | Regulation (EC) No 1907/2006 of the European Parliament and of the Council of |
|-----------------------------|-------------------------------------------------------------------------------|

18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments. The Aerosol Dispensers Regulations 2009 (SI 2824), with amendments. The List of Wastes (England) (Amendment) Regulations 2005. (SI 2005 No. 895). EH40/2005, Workplace exposure limits 2005, with amendments.

## 15.2. Chemical safety assessment

Chemical safety assessment performed Yes

## SECTION 16: Other information

Supplier's notes

The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.

List of relevant H-phrases (Section 2 and 3)

H301 Toxic if swallowed.  
H302 Harmful if swallowed.  
H310 Fatal in contact with skin.  
H314 Causes severe skin burns and eye damage.  
H315 Causes skin irritation.  
H317 May cause an allergic skin reaction.
