

Dalapro®

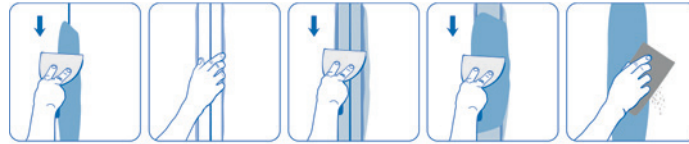

Joint filler

Ready-mixed, grey hand filler for joint filling with paper tape on Habito plasterboard panel.

SAINT-GOBAIN

Dalapro[®] Habito Joint

Dalapro Habito Joint is a revolutionary hand filler with adhesive effect and superior hardness. The product has been specially formulaed for joint filling with paper tape on Habito plasterboard panel. Nordic Ecolabelled.

The Habito system is recommended for schools, hospitals and homes, where there is a need for a particularly tough, impact-resistant surface.

Dalapro Habito Joint can also be used on plasterboard panels where there is a need for a hard surface. The product is also suitable for the adhesion of corner beads. The adhesive effect provides optimal reinforcement for paper tape and corner beads.
