

PRODUCT DATA SHEET

Dalapro Facade

- A grey hand filler for repairs and smoothing
- Suitable for both indoors and outdoors

Dalapro Facade

Ready-mixed filler for exterior use

PRODUCT INFORMATION

Dalapro Facade is a grey, ready-mixed hand filler for minor repairs outdoors but can also be used indoors on mineral surfaces. Filler should be applied on clean, dry and firmly attached vertical surfaces at a minimum temperature of +10°C.

The product is suitable for initial filling and thin smoothing. The product fulfills CE marking requirements according to EN 15824 and is manufactured in accordance with ISO 9001 and ISO 14001.

Tools are to be cleaned in water. Large volumes of waste can be deposited as normal refuse at municipal refuse facilities. The plastic in the packaging is recyclable and must therefore be taken to the appropriate recycling point or municipal recycling plant.

INSTRUCTIONS

Apply by hand on clean, dry and firmly attached surfaces at a minimum temperature of +10°C. Eye protection and a dust mask are recommended when sanding. Dust off before the next treatment. Filled surfaces should be primed before wallpapering.

Consumption of material 1 mm thin coat plastering = approx. 1 litre/m².

DRYING TIME

The drying time is dependent on substrate, layer thickness, temperature, air humidity etc.

STORAGE

Protect from frost and direct sunlight. Filler is perishable and therefore labelled with a date of production. Unopened packs can be stored for 12 months. Visit www.dalapro.com for further information.
